### Material

Steel 12L14 (9SMn Pb36)

Stainless 303

### Other Info.

3 Piece couplings are also available - POA

### Features

- Precision machined
- High torsional load
- Non-marring
- Easy to install and adjust
- Use on hardened shafts
- Rigid clamp-type design
- Easily Machinable
- Steel parts are supplied with a black finish and alloy steel cap screws
- Available with stepped bores and keyways
