### Material

SUSXM7 (SUS304 Equivalent), chemical polish.

### Features

- Height of head is less than 1.5mm. The head of the screw goes unnoticed after installation.
- May be used with vacuum chamber applications in clean rooms, FPD (Flat Panel Display) and semiconductor production equipment and devices.
- Chemical polishing improves surface roughness and reduces diffusion to microscopic levels.

### Options

Products without surface treatment are also available.

### Applications

Remove trapped gases in the pilot bore through the ventilation hole.
