SWAS-12-VF-PC	12	13.0	24.0	2.5	6.0	5	£12.67

Material

SUS304 Equivalent, chemical polish.

Features

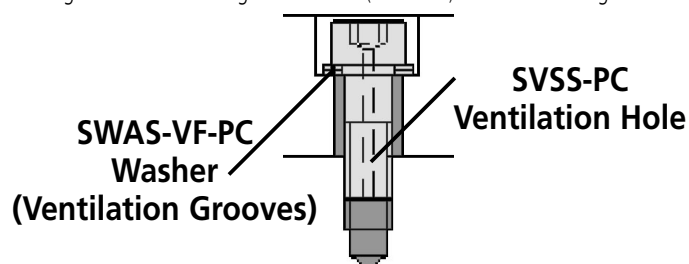

- May be used with vacuum chamber applications in clean rooms, FPD (Flat Panel Display) and semiconductor production equipment and devices.
- Chemical polishing improves surface roughness and reduces diffusion to microscopic levels.
- For use with Socket Head Cap Screw with Ventilation Hole (SVSS) and Hexagon Head Bolt with Ventilation Hole (SVHS).

Options

Products without surface treatment are also available.

Applications

Remove trapped gases in the pilot bore through the ventilation hole (SVSS) and air or gas in the bolt through the washer (SWAS-VF) with ventilation grooves.
